

Send it

Send it is an add on app to Snapchat and it allows users to play games together.

Send it state on their website that the app is not intended for children under the age of 13.

The games include Q&A games including ask me anything. A user asks a question and players can respond **anonymously**. As with any anonymous element, there is an increased risk of cyberbullying.

The app does contain in-app purchases ranging from £0.99 to £29.99. There is also a weekly subscription service available, which provides users with enhanced features. It costs £8.49 per week. Ensure payment details are not stored/accessible on your child's device to avoid unexpected bills.

If you know that your child is using this app then you can contact Send it to ask them to disable their account.

Snapchat update: My AI

You should be over 13+ to use Snapchat.

Snapchat have announced that My AI will now be available to all users, it was previously only available to paid subscribers of Snapchat+. My AI will show as one of your chat contacts and users will be able to ask it questions and have a conversation with it.

Snapchat are planning to incorporate an overview in their parental tools (Family Centre) to allow you to see if your child is chatting with My AI, but there is no confirmed date as to when this additional tool will be available.

There were concerns with My AI when initially released, for example it was providing responses that weren't always age appropriate. Snapchat have stated that 99.5% of responses now conform to their community guidelines, but we would recommend talking to your child about their use of My AI.

At present the only way to delete My AI is to become a Snapchat+ subscriber.

You can find out more here:

Tackling Online Hate

One way in which we can tackle online hate is ensuring our children learn about what it is and how they can stop it. Internet Matters have created a quiz that you can complete with your child. As you progress through the questions, you will be given advice as well as questions to discuss and help you have a conversation with your child. The quiz is available here:
